MEMORANDUM FOR: Director of Logistics

SUBJECT : Special Dissemination of Unique Intelligence Information

1. The Director has requested the Deputies to institute procedures for the selection, preparation, and special dissemination of certain of the Agency's unique and extremely important intelligence information to a limited number of senior Government officials. The DD/I and DD/P will be responsible for initiating selecting of the information, evaluation, and a determination of who should receive it. The DD/S will be responsible for its printing and/or reproduction and delivery to Government officials. A principle factor of the procedure is the speed with which this information is prepared and reaches the recipients.

2. The purpose of this memorandum is to alert you in regard to this new policy in order that printing and delivery will receive prompt and special attention. We are endeavoring to have the procedures contain provisions which will clearly indicate material falling into this category and requiring special attention.
